"Insurity's solution not only enables us to improve communication and interactions with our customers, but also ensures that we continue to run our business in the efficient and effective manner which has made us successful for years."

- Keith Brownfield, President of Victory Insurance

"The Insurity team exceeded our expectations during the implementation project and they continue to provide responsive, thorough support since going live with the system. Insurity's core system functionality is robust, reliable and has received praise from our staff, agents, and outside auditors."

- Mark Young, Fund Manager Alabama Retail Comp

Top 5 Reasons Carriers Choose Insurity

Enable your business with end-to-end automation and a unified user experience

- Increase efficiency and reduce workloads by entering data only once across policy, billing, claims, and analytics platforms
- Work faster using simplified workflows designed to fit your business needs with straight-through processing on placing, quoting, binding, issuing, and renewal of policies

Assess performance and make more informed decisions across your organization

- Gain a holistic view of your business by breaking down individual and portfolio performance through configurable dashboards or an extensive library of pre-designed reports
- Boost your predictive modeling power and make proactive decisions at point-of-entry with the industry's largest P&C data consortium: \$67B+ in premium with two dozen third-party data sources

Expand your book with a platform that encourages growth

- Control and manage new and existing programs with a multi-state rating engine to handle regulatory content tied into your own business rules and rating algorithms
- Handle statutory reporting requirements effortlessly across your book of business with specific workers' compensation reporting tools

Provide a modern digital service for customers and partners

- Onboard agents and policyholders with transaction and inquiry capabilities via self-service portals
- Offer modern claims payment choices such as ACH, V-Cards, push to debit, and more with Insurity's Sure Claims Payments for any party including carriers, MGAs, brokers, and insureds

Benefit from industry expertise

- Leverage Insurity's 30+ years of experience deploying workers' compensation solutions with 100% implementation success rate
- Stay secure with Insurity's industry leading cloud hosted platforms that are always up to date
