

There's a **better way** for brokers to **issue and manage** Certificates of **Insurance**

- ▶ **Save Over 3 Hours a Day of Processing Time**
- ▶ **Issue Accurate Certificates the First Time**
- ▶ **Analyze Contracts Immediately**

In a recent study by Angela Adams Consulting, Certificate Hero saved processors over three hours a day when processing 50 COIs. Our AI technology also catches coverage issues, reducing time, costs, and E&O exposure.

Platform Benefits

Certificate Hero leverages decades of insurance experience, Artificial Intelligence, and Machine Learning, making it the industry's most advanced certificate issuance software empowering brokers and insureds with 24/7 certificate management.
