What customers are saying:

"Since implementing [Insurity Premium Audit], our field staff's turnaround time has gone from 27 days down to 9 days"

Premium Audit Manager

"[Insurity's] ability to evaluate our book of business and automatically order audits allowed us to find and visit a $500 policy which resulted in a $100,000 premium due. Think of all the years without [Insurity Premium Audit] and the premium missed!"

Assistant Vice President

Top 5 reasons carriers choose Insurity Premium Audit

Uncover additional premium
- Automatically screen your entire book of business daily to generate audits without human intervention
- Uncover missing premium and reduce misclassifications with robust predictive analytics models

Streamline audit processes
- Streamline premium audit processes with automatic payroll validation and online data collection portals for policyholders and agents
- Forecast and plan your upcoming audits over the next year with real-time projection reports

Improve policyholder satisfaction
- Keep policyholders up to speed in the auditing process with custom email and text communications
- Deliver a better audit experience for your policyholders with online self-scheduling and submission tools

Implement changes without IT
- Configure your rules, letters, and forms through a drag and drop, no-code interface designed for business users
- Set up role-specific workflows and tasks with configurable, real-time dashboards

Boost audit volume
- Increase audits without adding auditors with instant assignments, AI-powered analytics, and real-time tracking
- Replace spreadsheets and paper with software-based applications designed for your field staff
